

9" Triple Foam Core

FOR ADDED STRENGTH, THE HEAVY COTTON TWILL OUTER SHELL IS CONSTRUCTED LIKE A BOX - WITH TOP, BOTTOM AND SIDE PANELS - NOT LIKE A PILLOW AS ON OTHER FUTONS.

OUR FUTONS HAVE 25% MORE LACE TUFTS THAN THE COMPETITION.

WE 'CROWN' EACH FUTON ACROSS THE MIDDLE WITH SEVERAL POUNDS OF EXTRA COTTON TOP AND BOTTOM FOR EXTRA COMFORT AND SUPPORT.

DOUBLE-STITCHED SEAMS WON'T SPLIT OR UNWIND.

THE COTTON BATTING AND FOAM IS PRE-COMPRESSED UNDER MAXIMUM PRESSURE WHILE THE TUFTS ARE INSTALLED, ENSURING LASTING FIRMNESS AND DURABILITY.

WITH MORE DENSELY PACKED COTTON INSIDE THAN ANY OTHER FUTON, A GOLD BOND WILL RETAIN ITS FIRMNESS, LOFTINESS AND SUPPORT LONG AFTER THE COMPETITION FALLS FLAT.

WITH THREE LAYERS OF SOLID 2/3" FOAM, OUR POPULAR TRIPLE FOAM CORE FEATURES MAXIMUM RESILIENCY AND CUSHIONING.

INSIDE EVERY 9" TRIPLE FOAM CORE, YOU'LL FIND 50 LBS OF GOLD BOND'S CUSTOM-BLENDED "JOY" COTTON BATTING - THE DENSEST MOST DURABLE IN THE WORLD - USING NOTHING BUT THE PUREST 50% LONG-STAPLE COTTON PICKER AND 50% COTTON LINTER AVAILABLE. WE'VE BEEN BLENDING IT OURSELVES FOR OVER A HUNDRED YEARS.
